

Thank you for taking the time to print and sign the following three letters.

There is one letter each for Senator Roy Blunt, Senator Claire McCaskill and Representative William Lacy Clay Jr.

Please print this 4-page document, then sign (include your address) the three letters, then return the signed letters to the boxes that will be at the doors of Our Lady of Sorrows church on the weekend of September 2-3, 2017.

The Social Justice Commission will mail the letters collected to the members of Congress.

Senator Claire McCaskill
Hart Senate Office Bldg, Ste 506
Washington, D.C. 20510

Dear Senator McCaskill,

As Congress works on the 2018 budget and spending bills, I ask you to make funding decision that will put us on track to end hunger by 2030.

I urge you to adequately invest in programs like WIC, SNAP, tax credits for low-income workers, and international development assistance. These programs are helping millions of people escape from hunger.

We have made great progress reducing hunger and poverty in our country and around the world, but our work remains unfinished. My faith calls me to urge you to make public investments that will reduce and perhaps end hunger.

Sincerely,
